

Coro moon piano edge »air« datasheet

LED recessed spotlight with fireball light source (swivable). piano version for mounting on hollow ceilings. edge model with filigree ceiling edge. The spotlight is mounted with a simple tension spring mechanism and requires no screw fittings. Version with remote power supply unit, connection to 230 VAC mains voltage. Switching, dimming and »color tune« via Occhio air. The color temperature can be adjusted continuously between 2700–4000 K (optional 2200–3500 K).

The innovative LED fireball technology creates a special lighting effect - direct light in forward direction and atmospheric illumination by the fireballs indirect light. The fireball as a light source can be rotated by 360° (with end-stop), swiveled by 30° and has a light cone of 30°
