

Sento filo up pro datasheet

LED suspended luminaire with high base incl. Occhio driver for mounting on solid ceiling, connection to 230V. Version available with continuous height adjustment or with fixed height adjustment when mounted.

Modular LED head-body system enables free combination of different surfaces of the head, body and base. Removable head for configuration and maintenance purposes, changeable LED (2700 K / 3000 K / 4000 K). Heads available with single or double-sided light emission, light output 26 W.

Lighting effect can be changed with optional inserts, dichroic color filters can also be used. Adjustment via heat-decoupled carbon pin. Head can optionally be fixed to prevent twisting.
