

## EC Document of Conformity

According to the EC directives and regulations no. 2014/35/EU (LVD), 2014/30/EU (EMC), 2014/53/EU (RED), 2009/125/EG and (EU) 2019/2020 (Ecodesign), 2006/25/EG (Artificial optical radiation), 2011/65/EU (RoHS), 2012/19/EU (WEEE), (EG) 1907/2006 (REACH)

**Occhio GmbH | Wiener Platz 7 | 81667 Munich**

We, responsible for the below mentioned product (lighting control), confirm that:

Mito sospeso air box x-tra-warm (Art.-no.: M6CE00808), Mito sospeso air box (Art.-no.: M6CE008), Mito volo air box x-tra-warm (Art.-no.: M6CV00808), Mito volo air box (Art.-no.: M6CV008), Mito aura air box x-tra-warm (Art.-no.: M6CH01808), Mito aura air box (Art.-no.: M6CH018), Mito sfera / sfera su air box x-tra-warm (Art.-no.: M6CF00808), Mito sfera / sfera su air box (Art.-no.: M6CF008), Mito alto flat air box x-tra-warm (Art.-no.: M6CA00808), Mito alto flat air box (Art.-no.: M6CA008), Mito soffitto air box x-tra-warm (Art.-no.: M6CS00808), Mito soffitto air box (Art.-no.: M6C008), Mito alto up air box x-tra-warm (Art.-no.: M6CA01808), Mito alto side air box x-tra-warm (Art.-no.: M6CA08808), Mito alto up air box (Art.-no.: M6CA018), Mito alto side air box (Art.-no.: M6CA088), Mito terra air box (Art.-no.: M6T008), Mito raggio air box x-tra-warm (Art.-no.: M6CR00808), Mito raggio air box (Art.-no.: M6R008), Mito largo air box x-tra-warm (Art.-no.: M6CL00808), Mito largo air box (Art.-no.: M6L008), Gioia air box (Art.-no.: M6M006), Taglio air box (Art.-no.: M6K006), Mito cosmo piano air box x-tra-warm (Art.-no.: M6CE08808), Mito cosmo piano air box (Art.-no.: M6CE08801), Mito aura alta air box x-tra-warm (Art.-no.: M6CH11808), Mito aura alta air box (Art.-no.: M6CH11801)

Complies with the following regulations and standards:

| Directive        | Standard                    |                                                                                                                                                                                   |
|------------------|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2014/35/EU (LVD) |                             | <b>Low voltage directive</b>                                                                                                                                                      |
|                  | EN 60598-1:2022-03          | Luminaires – Part 1: General requirements and tests                                                                                                                               |
|                  | EN 60598-2-1:2021-11        | Luminaires – Particular requirements. Fixed general purpose luminaires                                                                                                            |
|                  | EN 60598-2-2:2012-10        | Luminaires – Part 2-2: Particular requirements – Recessed luminaires                                                                                                              |
|                  | EN 60598-2-4:2018-12        | Luminaires – Part 2: Particular requirements – Section 4: Portable general purpose luminaires                                                                                     |
| 2014/53/EU (RED) |                             | <b>Radio equipment and repealing directive</b>                                                                                                                                    |
|                  | EN 300 328-2:2019-10 V2.2.2 | Wideband transmission systems; Data transmission equipment operating in the 2.4 GHz ISM band and using wideband modulation techniques                                             |
|                  | EN 301 489-1:2020-06        | EMC standard for radio equipment and services                                                                                                                                     |
|                  | EN 301 489-17:2021-03       | EMC standard for radio equipment and services; Specific conditions for Broadband Data Transmission Systems                                                                        |
|                  | EN 62479:2011-09            | Assessment of the compliance of low-power electronic and electrical equipment with the basic restrictions related to human exposure to electromagnetic fields (10 MHz to 300 GHz) |
|                  | EN 62493:2016-08            | Assessment of lighting equipment related to human exposure to electromagnetic fields                                                                                              |

2011/65/EU (ROHS)

### Technical data:

Safety classification: Protection class 3  
Input power: 48V, max. 50mA

The technical documentation for the above product is available on request or can be downloaded from [www.occhio.com](http://www.occhio.com).
